Re: **VPDES Permit No. VA0003026, Reissuance
GP Big Island**

Dear Mr. Pierce:

Your VPDES permit is enclosed. A Discharge Monitoring Report (DMR) form is included with the permit. This permit supersedes the previous VPDES Permit VA0061042 issued to this facility. The first DMR required by this permit for monthly monitored parameters is due on August 10, 2010 for the month of July 2010. The first DMR required by this permit for quarterly monitored parameters is due on October 10, 2010 for the period of July 2010 through September 2010. The first DMR required by this permit for annual monitored parameters is due on July 10, 2010 for the period of July 2010 through June 2011. If you still have DMR data to report as required by the previous permit, please submit it as an attachment to the first DMR required by this permit. Monitoring results on the DMRs should be reported to the same number of significant digits as are included in the permit limit for the parameter. Please continue to use the e-DMR program to submit the effluent data electronically.

As provided by Rule 2A:2 of the Supreme Court of Virginia, you have thirty days from the date of service (the date you actually received this decision or the date it was mailed to you, whichever occurred first) within which to appeal this decision by filing a notice of appeal in accordance with the Rules of Supreme Court of Virginia with the Director, Department of Environmental Quality. In the event that this decision is served to you by mail, three days are added to that period.
